Dear Mr. Flores and members of the Milwaukee Alliance:

I hope you are well. We have previously met at our Community Engagement Listening Sessions held in a number of Aldermanic Districts. The Milwaukee Police Department respects the rights of individuals to exercise their Constitutional Rights of Free Speech and we respect all opinions of the community that we serve. Please know we are not a political institution, but do have the task of ensuring community safety during the upcoming debate. With that, we would like to meet with all community leaders, activists, organizers and faith-based leaders that we may interact with during the RNC Debate. We are extending an invitation to have a conversation in preparation for the upcoming RNC Debate that will be held in Milwaukee next week.

The details are below. We hope you can attend. Have a great Friday, and a good weekend.
